

Tumor Localization Equipment and Related Accessories

\$18,500
OFF

Contract number: GB-IM-389A

Supplier: Cianna Medical Inc.

EXCEPTIONAL VALUE

Premier is pleased to announce a group buy with [Cianna Medical Inc.](#) from October 1, 2019, through December 31, 2019. This opportunity offers significant savings on the SCOUT® Radar Localization system. Members can **save \$18,500** off top tier pricing, but only for a limited time!

PRODUCT DETAILS

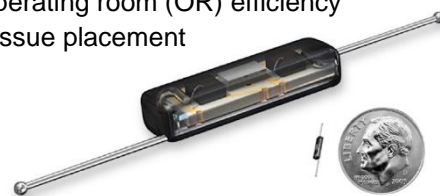

The [SCOUT wire-free bundle](#) includes the SCOUT console and surgical guide, SCOUT check radiology verification console and check handpiece and a two year extended service contract.

The SCOUT Wire-free Radar Localization system is used for wirelessly marking tumors, biopsy sites and lymph nodes prior to neoadjuvant therapy.

The SCOUT system:

- ▶ Leverages RADAR technology for accurate detection and precise localization
- ▶ Offers accuracy to a depth of 6cm within +/- 1mm with 360° detection
- ▶ Does not interfere with MRI studies; no restriction on the imaging modalities that can be used effectively throughout treatment
- ▶ Improves radiology workflow and operating room (OR) efficiency
- ▶ Is indicated for long-term and soft tissue placement

WHAT YOU NEED TO KNOW

- ▶ Bundle code is **Scoutcare-01**.
- ▶ All Premier members are eligible to participate in this group buy.
- ▶ Detailed pricing may be found in Supply Chain Advisor® and in [Supply Chain News](#).

LIMITED-TIME OFFER

- ▶ **Purchase order deadline:** December 31, 2019
